

## **DEV MOOKERJEE**

Dev Mookerjee is the Chief Technology Officer for IBM Watson Solutions in the Asia Pacific Region. A frequent keynote presenter and panellist, Dev leads the most experienced Artificial Intelligence team in the Asia Pacific region. Dev and his team's mission is to help enterprises harness the capabilities of AI to grow today and in the future.

Dev has nearly two decades experience in the Asia Pacific region as a technology leader in advanced analytics, machine learning and AI. He has worked with clients across all the major industry sectors. Before joining the Watson team, Dev was a IBM Global Technical Ambassador on Social Media Analytics.
