## 1. Choose your cake

Orange almond and poppy seed cake (Veg, GF, DF)

Devil's food cake (rich but fluffy chocolate) (Veg, NF)

## 2. Choose your frosting

Light buttercream (Veg, GF, NF)

Rich chocolate ganache \*not available to select colour (Veg, GF, NF)

## 3. Choose your theme:

Ombre - We will fade shades of your favourite colour through the frosting, top with rosettes, sugar plate topper and scatter with cachous.

Decadent Chic – Simple but impactful. We finish your favourite colour frosting with gold leaf and spun sugar. Works well with darker colours.

Fault Line cake – We will create a fun fault line with 100's and 1000's in your cake and finish with your favourite colour frosting.

(\*\*you cannot choose a theme colour if you select chocolate ganache frosting)
