

**Dominique Robert-Hendren**  
**Head of Clinical Innovation and Digital Health, Hello**  
**Sunday Morning**

Dominique is a clinical psychologist with extensive experience as a leader in mental health strategy and innovation. She was the National Mental Health Programs and Services Director for Australia's largest private health care organisation where she provided leadership in the transformation of service design and delivery of evidence-informed gold standards and innovative models of care. This included an effective national digital mental health care strategy.

Dominique also provides leadership in organisational change management, training and education, mental health policies, and clinical and corporate governance.

Dominique is a behavioural health specialist and psychology board-approved clinical supervisor with expertise in posttraumatic stress disorder, persistent complex bereavement disorder, substance use disorders, mood disorders, anxiety disorders and suicide and risk management.
