

Richard Berkahn

Partner, Clyde & Co

Richard is a specialist cyber risk advisor and Partner in Clyde & Co's cyber incident response team. Richard specialises in highly complex global data breaches. He regularly advises local, trans-Tasman and London based clients on cyber incident and crisis response, data protection and privacy issues, cyber insurance, IT liability and recovery actions, third party claims and regulatory investigations. He also has extensive experience providing clients with pre-incident services including the review, development and implementation of systems and processes to address cyber risk.
