

## Lucy Chapple

### Psychology Researcher

Lucy Chapple has recently completed research into 'impostor syndrome' at the Australian College of Applied Psychology in Sydney. Lucy's research focused on the relationships between impostor syndrome, personality, and organisational culture in white-collar employees. Prior to commencing psychological research, Lucy was a Senior Associate in the Property and Projects Group at Holding Redlich, with extensive experience in a broad range of commercial property transactions. Lucy's qualifications include Bachelor of Economics (Social Science), Bachelor of Laws (1<sup>st</sup> Class Honours) and Graduate Diploma of Psychology (Honours).
