

Bailey Neate

Wotton + Kearney

I began working in the legal industry at 17 at a national firm in Sydney's CBD. I was admitted as a solicitor in 2020. Recently I joined Wotton + Kearney as an Associate in the Property, Construction and Energy team.

I married my wife nearly twelve months ago and we recently added an Italian greyhound puppy to the family. I train as a distance runner, which means I run around 150km per week for most of the year. This level of commitment shows a lot of things, particularly that I'll do anything to avoid my responsibilities.
